OUTLINES.

Another storm horror is added to the list by the tropical cyclone which prevailed from Havana to the east coast of Florida on Wednesday and Thursday; it is reported by the steamer St. Lucia that a tidal wave engulfed Elliott's Key, near Miami, Fla., and swept away 250 of its people; 25 people on the steamer were killed and many injured by the same tremendous wave; fifty lives were lost from a barge, and many fishermen are missing——The cyclone at Havana on Wednesday and Thursday caused a loss of 20 or more lives and the destruction of $2,000,000 of property, including 50 tobacco barns; numbers of small vessels foundered; the transport steamer Cubana which arrived at Havana yesterday with cavalry horses was struck by the storm and many of the animals were killed but no men were lost——At Finley, O., yesterday the jury found a verdict of guilty in the State's case against the company for violation of the Ohio anti-trust law——The remains of the widow of President Jefferson Davis, of the Southern Confederacy, were interred yesterday at Richmond beside those of her illustrious husband who is at rest in beautiful Hollywood cemetery; the occasion was marked by the deep reverence of large crowds, although there was incessant rain; Gen. Stephen D. Lee, of Mississippi, was chief marshal of the solemn procession which followed to the grave——New York markets: Money on call firm, 4 -2 to 7 per cent., ruling rate 6; closing bid 4 1-2, offered at 5; spot cotton 25 points decline, closing quiet at 11 cents; flour steady but quiet; wheat easy, No. 2 red. 78 5-8 elevator; corn barely steady; No. 2, 54 1-2 elevator; oats steady; mixed, 38 1-2; turpentine firm, 69 1-4 to 69 3-4; rosin firm, strained common to good, 4.20 to 4.30.

The receipts of cotton at all the ports since the 1st of September up to yesterday show that Wilmington holds fourth place among the cotton ports. Galveston comes first, Savannah second, and New Orleans third.

The singular actions of a hen in Arkansas are so remarkable that they have called for dispatches to the news papers. She got tired being a hen and insists on strutting around as a rooster. If she makes the genuine roosters jealous she will be pretty apt to find them laying for her.

The Kansas City Journal remarks: "The statement of a European newspaper that President Roosevelt engineered the Cuban revolution is inaccurate. The President merely stepped into a cab and shut off the steam." Sounds more like he blew the whistle for Taft to put on brakes.

Congressman Blackburn in persistently declining to have a joint discussion with his Democratic opponent, the Hon. R. N. Hackett, says: "We are not locking horns this year." People are blaming Blackburn for dodging but we don't see how they can have the heart to do it when they know as well as Blackburn how horny Hackett is.

Count Boni de Castellane appears to have worked himself up to the point that he is willing that Countess Anna Gould de Castellane should get a divorce from him but he wants to lug in a condition that she shall pay his debts. Many a man might like to indulge in a divorce on those conditions. Quit that making divorce so attractive.

At the meeting of the American Bankers' Association in St. Louis yesterday, Mr. C. N. Evans, cashier of the Southern National Bank of Wilmington, was chosen State vice president for North Carolina. This is a conspicuous honor for a highly esteemed and well known Wilmingtonian, and necessarily it extremely gratifies Mr. Evans' wide circle of friends.

TOUCHING MEMORIAL

Beautiful Tribute Paid to Mrs. Jefferson Davis by Daughters of Confederacy.

MET YESTERDAY AFTERNOON

Pretty Expression From Miss Mary Sanders—Veterans In Attendance and Took Part in Exercises—Message From Col Cantwell.

A beautiful memorial service in honor of Mrs. Jefferson Davis, wife of the beloved president of the Southern Confederacy, was held yesterday afternoon at the Wilmington Light Infantry armory by Cape Fear Chapter, Daughters of the Confederacy, of this city, the exercises taking place simultaneously with the obsequies of Mrs. Davis in Richmond, Va. Loving tribute was paid to the memory of the good woman and in every way the service was fitting and proper. There were a large number of the Daughters present and not a few Confederate Veterans by invitation.

The meeting was called to order promptly at 3 o'clock by the president, who said that the Daughters had been called together to pay a silent tribute of sympathy for the living and respect to the memory of the dead; at 3 o'clock the funeral of the wife of the beloved chieftain of the Confederacy was being held in Richmond, Va., and it was appropriate that the members of Cape Fear Chapter should hold a memorial.

The Lord's prayer was said with all standing, Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian church, leading. The next was a beautiful memorial prepared and read by Miss Mary Sanders as follows:

"The Southern Confederacy's chaplet of immortelles is nearing completion, one by one, as they are cut down by the victorious Rider of the "pale horse" we place them around her fair, cold brow. From Bethel to Appomattox they fell thick and fast; from Appomattox until to-day the reaping is more slow but not less sure. Time and space would fail me to name them, but scarcely one of us here to-day but has placed in that wreath a laurel leaf or a fadeless flower, there let them rest.

"To-day we are called upon to mourn our Great Chieftain's noble wife, Mrs. Varena Jefferson Davis. Mrs. Davis, like her husband, was a profound thinker and a fluent writer. When much past the meridian of life, left a widow with her fortune wrecked she maintained herself by her pen, rather than burden a people who, had lost as heavily as herself, though she knew they would gladly have shared their last with her. Who can tell her suffering while her illustrious husband languished in prison at Fortress Monroe? What heart can fully sympathize with her as on bended knee she sought Divine protection for him when he stood before a tribunal of fierce and prejudiced enemies who were thristing for his blood. or fully appreciate her joy when informed that He who marks the Sparrow's fall had held him in the hollow of His hand and preserved his precious life? And think you she did not grieve as she saw the man she loved travelling down the years, a citizen of no country, though he had so bravely defended the Stars and Stripes in Mexico? disfranchised, though in the Senate he had borne so considerable a part in making the laws of this nation? Yea, verily! she has borne her part in Mr. Davis' vicarious suffering, and nobly she met her responsibilities. Now she has gone to join him and together with the mighty army gone before, she 'Rests under the shade of the trees' where all tears have been wiped from her face, where sorrow and weeping are no more, and parting is unknown. Peace to her ashes. With reverent hearts and tender touch we place one more immortelle in the Chaplet of our beloved dead Confederacy."

A committee composed of Mrs. W. M. Parsley, Mrs. Louise deR. Myers and Mrs. R. W. Hicks, was appointed to draft suitable resolutions upon the

VAGRANCY CHARGES

Nearly All of Thursday's Round-up Proved That They Had Some Means of Support—Difficulties of the Situation—Other Notes.

The difficulty of conviction for vagrancy even under the very stringent law passed by the last Legislature upon the subject, was exemplified in the police court yesterday when fourteen able-bodied negro laborerers were arraigned before the Mayor on a charge of loitering around the streets. All but one of them proved that he had recent employment and nothing could be done but discharge them. E. Wilson and A. Wilson proved by Mr. W. W. Banks that they had employment at the Champion Compress for at least a part of the time; Ed. Henderson, Joe King and Rufus Marion had some one to vouch for the fact that they worked at the Cape Fear Lumber mill, and Joe Pee, Robert Hennegan and James Chasten proved by Mr. A. D. Cazaux that they were employed by him as stevedores. The difficulty seems to be that with the prevailing high prices for unskilled labor that the shiftless portion of the negro population can work a day or two out of the week and receive enough to live on in a primitive sort of a way for a week.

The only conviction of a male member of the round-up made by Officers Wood and Jones Thursday was Alex. Robinson, colored. He could not give satisfactory account of his means of earning a livelihood and was sent to the roads for thirty days. Queen Victoria, the notorious; Louise Robinson and Mary E. Simmons, colored women charged with vagrancy, were 30 days on the county farm. Bertha Nelson, a depraved white woman who inhabits the negro quarters of the city, was given 20 days for vagrancy and 20 days for being drunk. Other cases in the police court yesterday were not of interest.

With the showing made yesterday, the police are not encouraged to make further arrests for vagrancy but they will keep their eyes open for the more flagrant cases.

GEORGE ADE'S SUCCESS.

"The County Chairman" At Academy of Music Monday Night.

A George Ade play. Such is always looked forward to with pleasure; hence theatre-goers are now given fair warning to oil-up their risibles preparatory for one of those clever bits of comedy that Ade, the foremost American humorist, has served-up in such dainty, crisp style.

Yet such will be the combination at the Academy Monday night when one of the best and largest dramatic companies will present the giant Ade success. "The County Chairman," the piece that has a string of victories behind it starting with a glorious conquest of dear Old Broadway. The remarkable, brilliant runs of "The County Chairman" in New York, Boston, Chicago and other large cities will be readily recalled. Now the production is to be brought to our door, and it will be the original production, with sixty people on the stage, having as the central figure well known Theodore Babcock, and mounted with a solid car load of elaborate scenery.

The company is the largest dramatic one on the road and will put to blush in size many of the musical comedy and operatic organizations. Seats now selling.

An Excellent Attraction.

The first popular price attraction of the season comes for five nights next week in Mr. Robert Mansfield, a well known young repertoire actor, and a company of exceptional merit. This attraction will be one of the best of its kind of the season, it is, and will, therefore, make a strong inaugural number. Only royalty plays will be be made with special scenery. The specialties will be up-to-date and will present some of the cleverest of vaudeville stars not on the big circuits. Seats for the opening night, Tuesday, will be on sale Monday.

The Seminole Coming.

After a general overhauling and the completion of a number of improvements, the United States Revenue Cutter Seminole will return to her station at this port to-morrow or Monday. Capt. Quinan is in command and there have been few, if any, changes in his staff of popular officers. The Baltimore Sun of yesterday says that the Seminole passed out of Curtis Bay Thursday for Wilmington, N. C., but in view of the storm, it is hardly expected that she will get here before to-morrow or next day as stated.

COLLISION INQUIRY

Recent Sinking of Steamer Atlantic by Navahoe Is Now Being Investigated.

BY U. S. INSPECTORS

Hearing Until Early Hour This Morning in United States Court Room—Many Witnesse Were Examined—Decision Later.

Until an early hour this morning United States Steamboat Inspectors, Capt. F. B. Rice and J. T. Borden, sitting as a District Court, were busily engaged in an inquiry into the circumstances of the recent collision between the Clyde Liner Navahoe and the fishing steamer Atlantic, at the mouth of the Cape Fear river, with a view of establishing the responsibility for the accident. The hearing could not take place until night as the Navahoe was late in arriving from her Georgetown trip this week and Capt. Hale and members of his crew were material witnesses for the defence. Again it was necessary to hold the hearing at night to accommodate one of the visiting counsel, Mr. Huger, who was compelled to leave on the early morning train to-day for Charleston. The hearing was completed about 2 o'clock this morning and the inspectors took the evidence and all the papers in the case and will announce their decision in the matter later.

It will be remembered that about 4 o'clock on the morning of Sept. 21st., while the Navahoe was bound in with part cargo from Georgetown, S. C., the fishing steamer was bound out to make an early morning haul and that opposite Fort Caswell wharf or nearly so, the two boats came together with fearful impact, resulting in the sinking of the smaller boat and the narrow escape of the crew of about fifty fishermen aboard. Capt. Harry C. Colletts was the pilot and was at the wheel of the Atlantic and was slightly hurt. It was he who made complaint to the inspectors, claiming that the master of the Clyde ship was grossly negligent and did not put forth proper effort to save the men after the accident occurred. The hearing of the case was set for yesterday morning at 9:30 o'clock but the Navahoe had been delayed at Georgetown and did not reach here until after night. On that account it was nearly the same hour last night when both sides announced they were in readiness in the United States room in the postoffice building. Capt Colletts was represented at the hearing by Louis Goodman, Esq., while Alfred Huger, Esq., of the prominent firm of Butler, Notman & Mynderse, of New York, appeared in the same behalf for the underwriters of the Atlantic, a property of the Cape Fear Fisheries Co., of New York. Capt. C. M. Hale, master of the Clyde ship, and the company were represented by George Rountree, Esq., the hearing affecting both the competency of the captain and the liability of the Navahoe for the damage to the Atlantic.

Capt. Hale and Chief Engineer Shaughnessy, of the Clyde Liner, were the star witnesses for the defence and testified so far from the Navahoe's running down the Atlantic, that the Atlantic actually ran into the Navahoe, which was full speed astern when the crash came. These facts were corroborated by Mate John Olsen, Georgetown pilot John Uptergrove and others. Pilot Colletts, of the fishing steamer, on the other hand, testified that there was a disregard of signals by the Navahoe and that the ship was coming full speed ahead when the collision occurred. He and his witnesses also testified as to apparent indifference of the crew of the Navahoe when it came to saving the men from the fishing craft. The log book of the Navahoe was introduced to show the actual state of affairs so far as they pertained to the Clyde Liner.

All the evidence was taken in shorthand by the stenographer of the court and will be reviewed by the inspectors before making up their decision. An appeal to the Supervising Inspector will likely be taken by one side or another in any event.

Mr. Oscar E. Merritt in Business.

Mr. Oscar E. Merritt, a clever young Wilmington, has purchased the clothing, shoe and gents' furnishings business lately conducted by Mr. C. L. EXCUSES OF UNSAVED

Strong Sermon Last Night at First Baptist Church By Dr. Hamilton, the Evangelist—Announcements For To-day.

The many excuses made by the unsaved for not accepting Christ and following Him composed the theme of Dr. Hamilton's sermon last night in the series of revival services now going on at the First Baptist church. Each of these excuses were enumerated by the gifted preacher and all were answered to the satisfaction of all Christian people in the congregation which was large in spite of the threatening weather. Dr. Hamilton's analysis of the subject was interesting and thorough and his appeal at the close of the sermon for the unsaved not to delay the salvation of their souls longer was an especially strong one.

There was great interest among these in the congregation and this was outwardly manifested in a number of requests for prayer, especially among the young people last night, Dr. Hamilton has a rare hold upon his congregations, and his sermon last night, one of the strongest of those yet preached, was an indication of how one of the strongest of those yet preached, was an indication of how he carries his hearers with him.

Just prior to the sermon last night the rite of baptism was administered to several and the same service will be observed before the sermon to-night.

This evening at 7 o'clock in one of the Sunday School rooms of the church there will be a service of half an hour for the young men and all are earnestly asked to come. The regular evening service will begin at 7:30 o'clock. There will also be a Bible study at 4 o'clock in the afternoon to which all are invited.

THE ACADEMY TO-NIGHT.

Dainty "Dorothy Vernon of Haddon Hall" at Two Performances.

Judging from newspaper reports, "Dorothy Vernon of Haddon Hall" is destined to be one of the biggest successes of the present theatrical season and when Miss Laura Burt appears as Charles Major's lovable heroine at the Academy to-day at matinee and night she will probably be greeted by many persons who have read the book.

Those who visit the production will doubtless find proof in Miss Burt's play, aided by recollection of Mr. Major's "When Knighthood Was in Flower," that no contemporary novelist has a happier knack than this Hoosier author of humanizing historic personages. This is true, even though the subjects of his pen have long been myths to the modern mind from their long residence on the pinnacles of fame. Seats are now on sale.

HARVIE JORDAN SPEAKS.

Able Address Before State Division at Fair Yesterday.

(Special Star Telegram.)

Raleigh, N. C., Oct. 19.—President Harvie Jordan, of the Southern Cotton Growers' Association, in an address before the North Carolina division this afternoon, held in connection with the State Fair, declared that the problem remaining to be solved in connection with the development of the South's cotton interest, was that of marketing. The slogan for the future must be "scientific marketing" and he said this never could be accomplished without the warehouse system throughout the South. He appealed for that perfect co-operation on the part of farmers in the work of the Cotton Association, especially the collection of the bale tax for the support of the work of organization.

The meeting was quite largely attended. A. D. Smith, president of the South Carolina Division, also made a stirring speech which made a profound impression. The plan to hold for not less than ten cents was reendorsed.

The Hallowe'en Party.

Arrangements are progressing nicely for the elaborate hallowe'en party to be given on the evening of the 31st., of October in the Y. M. C. A. building. Mrs. L. A. Blue is in charge and over fifty young people will take part in the production which will occupy all of the interior of the rooms on the second floor. Seasonable refreshments will be served and a musical programme of excellence will be provided.

TWO DEAD IN WRECK

Dtsastrous Smashup of Northbound Freight on Coast Line at Dunn.

CONDUCTOR AND BRAKEMAN

Both Killed Outright—Walter Turbeville and Negro Switchman, James Ellis, Both of Florence, S. C.—Frog Out of Line the Cause.

The Fayetteville Observer of yesterday afternoon has the following of a disastrous wreck which occurred on the main line or Wilson Short Cut, of the Atlantic Coast Line railroad at Dunn, N. C., late Thursday night:

"The northbound freight train on the A. C. L. which left here shortly after 9 o'clock last night, was wrecked in the yard at Dunn, at 10:32 o'clock, and the conductor, Mr. Walter Turbeville and a negro switchman, James Ellis, were killed, while the engineer, Mr. W. G. McLauchlin, of this city, and the fireman, had miraculous escapes from death, though both were more or less injured, the latter mostly by scalding. The train was pulling out of Dunn, with orders to meet the Richmond Shoo Fly at Benson, and had passed just far enough to get up a good speed, when the engine jumped the track and turned over, with the whole train of 34 cars on its heels. Ten of these cars were piled one above the other in an indescribable mass around the engine.

"When the engine left the track there were the engineer, conductor and fireman in the cab, and the switchman was riding on the tender.

"Engineer McLauchlin only lost consciousness for a few seconds, and when to his surprise he found himself alive, he pulled himself out of the cab of the overturned engine, and catching sight of the unconscious form of the fireman, he pulled him out, just barely rescuing him from a horrible death by scalding, which overtook Conductor Turbeville. It was 5 o'clock this morning before the body of the switchman was discovered under one of the cars which had piled on top of the tender.

"The escape of Mr. McLauchlin was marvelous, and he says he cannot see how it was possible. The cars were loaded with cotton, and when the crash came, bales were hurled through the air in all directions, two of them right into the cab door. It was one of the worst wrecks in the history of the Coast Line. The northbound train, which left here at 10:30 last night, proceeded as far as Dunn, and was then turned back, and went around by Wilmington and Goldsboro. The southbound train, due here at 1:40 o'clock this morning, transferred the passengers and mail for Fayetteville, to an extra train sent up from here, and proceeded on her journey by way of Goldsboro and Florence.

"There is much regret expressed here at the death of Captain Turbeville, who was very popular, while there is rejoicing at the marvelous escape of Mr. McLauchlin.

"The bodies of Conductor Turbeville and Switchman Ellis were placed on the extra train sent up from here and taken to Florence for burial."

An Associated Press telegram last night from Raleigh states that the accident is attributed to a frog getting out of line and throwing the flange of the locomotive wheels. The wreck is being investigated by the officials of the road from Wilmington. The through trains were detoured by Wilmington yesterday morning until wrecking apparatus from Rocky Mount and Florence could clear the line.

SETTLED WITH THE CITY.

Check Received Yesterday for Judgment in Back Tax Suit.

City Clerk and Treasurer John J. Fowler yesterday received from the Clerk of the Superior Court a check for the amount of judgment obtained by the city in the back tax case of E. K. Bryan and others, which was recently decided in favor of the plaintiff and certified down by the Supreme court. The amount of the principal is $1,076.53; interest, $264.12 and transcript, $24.90. The total is $1,365.55. Out of this amount will have to come the attorneys' fees, so that after all the net amount to the city will not be great. The case has been in the courts for several years.

NO FIELD FOR CRIMINAL EXPLOITATION.

Says the Washington Post:

"The conviction of the late Senator Mitchell and the incarceration of Burton are sufficient to convince reasonable men that the United States Senate is an unfruitful field for criminal exploitation. When a State sends a bad man to the Senate, there is too often a tendency to condemn the Senate itself for harboring him. But it is yet to be shown that the Senate has ever shielded from punishment any man whose guilt has been established."

It's about time for the "predatory" fellows to quit taking the Senate for a good place to work their games. So many of them have been trailed to the Senate that the good Senators are getting tired of them.

THE MAGAZINES.

The Delineator for November is being distributed and consequently there is something for the ladies to revel in, for it is a superb issue of that delectable publication both as to the fashion feature and its literary department. The Winter styles are beautifully illustrated and discussed and we get an enchanting view of what the ladies of Paris and New York are wearing for the season. The November Delineator makes an elaborate effort to tell all about wraps and dresses and other fashionable wear for women and children, and in addition to that ever charming feature for its thousands of patrons this useful magazine is replete with entertainment in stories and home reading and useful articles on art and home science. The number sells for 15 cents or is sent a year for $1.00. Address The Butterick Publishing Co., (Limited), New York.

* * *

The Thanksgiving number of the Woman's Home Companion has been received. It is a paragon of excellence and the ladies will find it a beautiful, instructive, entertaining and highly useful visitor in the household. The literary feature is elaborate and the styles and fashions are fully presented and discussed. The Companion is highly valuable for its articles on art and science in the home, dress making, housekeeping, etc., and especially appropriate is an illustrated article on Thanksgiving dishes of poultry and game. For the girl who makes her own living, for the woman who is domestic, for the woman who is a reader, The woman's Home Companion is verily what its name is. The magazine sells at 10 cents a copy or is sent a year for $1.00. Address the Crowell Publishing Co., Madison Square, New York.

—That venerable Democrat, Senator Whyte, of Maryland, who once sat on Andrew Jackson's knee, is solemnly appealing to the South to save the Democratic party. Senator Whyte has no faith in the Eastern branch of Democracy. It is not entitled to much confidence. As for the South it must maintain a local Democracy even if national Democracy fails. When republicanism makes inroads in the South, the citadel of Democracy, the Solid South, will become a tradition and there will no longer be a Democratic party.—Nashville Banner.

—Judging from the editorials, local and general news, cartoons and billboard illustrations in Mr. Hearst's newspapers, he regards as the principal issue in the New York campaign the question whether Chinese shall work in Panama. As neither China nor Panama is within 1,000 miles of New York, and the United States is in no more danger of a Chinese invasion than an attack from the armies of Mars, and as the Government of New York has no more to do with settling the question than the Ahkoond of Swat, it is difficult to see how Chinese at Panama can be made a burning issue in the New York campaign. But you can never tell about New York. Three little words spoken by a minister once changed the State and decided a Presidential election. And not so many years ago a man was elected governor largely because he wore a picturesque uniform and charged up a hill in Cuba.—Baltimore Sun.

—Salisbury Special, October 18: The Salisbury Steam Laundry, with all of its machinery except the engine, hundreds of dollars worth of clothes and everything except the safe and office desks, was destroyed by fire about 3 o'clock and the Central Hotel, contiguously located, caught several times before the firemen fought the fiflames flat to the ground. There is not the slightest known cause of the conflagration. The laundry itself suffered from $10,000 to $12,000 besides the clothes that are a loss to the owners of them. The company is not responsible for the destruction of clothes by fire.

Raleigh Dispatch, October 18: The play "It Happened in Norland" was presented here last night. The company arrived yesterday afternoon. One of its members is Francis Starr. Immediately on arrival here he received a telegram, upon reading which he made an exclamation in an excited manner, told some acquaintance he would telegraph to a lady member of the company, adding that she was at Richmond, Va., and was sick. This occurred at 4 o'clock and since then he has not been seen either here or at Durham, where the company played to-night. The manager said he was despondent about the sickness or death of his fiancee and had threatened suicide. His age is about 35.

—Greensboro Special, October 18: A. F. Moore, whose home is near Buffalo church and who until recently held services on the streets of the city, is in the county jail for having threatened to kill his wife, and an effort will be made to have him placed in the asylum for the insane. It is the impression with his people that Moore's mind has failed, and this is responsible for the threats he has made. A hearing in a case charging him with threatening to take the life of his wife was held before 'Squire Wolf yesterday afternoon and the defendant committed to jail in default of a $200 bond required of him to guarantee that he would keep the peace for six months. Mrs. Moore alleged that Moore was very abusive and said often that he would kill her. Their little boy was a witness in the case, and he said his father had out a gun the day before and handled the weapon in such a manner as to greatly increase their fears. The boy succeeded in an effort to take the gun away from his father and extracted the shells.

—Asheville Special, October 18: The equipping of the Asheville division of the Southern with the block system, the manual system, which is recognized as the best, goes rapidly on and it was said to-day that the officials hoped to have every line of both this division and the Asheville-Knoxville division equipped and cut in by Christmas. The block stations on the Asheville-Knoxville division between this city and Knoxville were cut-in several weeks ago and the block on that line is said to be working most satisfactorily. The necessary wires for the block between Asheville and Spartanburg on the A. & S. line have been strung and it is probable that the stations will be cut-in during the next few weeks. The linemen engaged in stringing the wires for the block system on the Asheville division are now working between Statesville and Salisbury, so it is learned at this end. The linemen reached Statesville this week and are now pushing forward to a completion of the work.

—Winston-Salem Special, October 18: Another complaint has been registered with the State corporation commision against the improper handling of shipments of leaf tobacco by the Southern Railway Company. A similar complaaint was made a year or so ago and it was thought there would be no more trouble on this account, but recently it has been as bad as ever. Several firms have lost heavily because of delay in shipment and a consultation of the complaint by Mr. J. Sterling Smith, the president of the association.

WHITE WIVES FOR CHINAMEN

About Two Hundred Chicago Gisls Have Allowed Celestials to Win them—How John Captivates, and Carries His Point.

(Exchange.)

About 200 white girls in Chicago are married to Chinamen. On an average of over one a month the Celestials of the Windy city continue to win white brides.

The downfall of the white race before the yellow in the Japanese war seems to have inspired not only the Japs but the Chinese with new claims of equality. One result is the increase of marriages between white girls and Chinamen, which has been noticed in all our large cities during the last year.

But the Chicago Tribune, which has been investigating the matter, finds that this wiping out of racial prejudice is not given by the brides themselves as their reason for choosing Chinamen. Twenty-five of the most recently wedded gave the following as the object of their action:

Love, money, opium, a home, kindness.

But lack of these assigned reasons is another and deeper reason. That is that a Chinaman, when he takes a white bride, wipes out her past entirely, and, no matter what she might have been, she, as sis wife, is honored.

The Chinaman never considers marriage until he is financially able to support a wife, in which he differs from the white race; but, like the whites, he believes in the power of money to make courtship easy—and he spends lavishly. It may take him weeks to attract the attention of the object of his love to himself, but once he has made her acquaintance and broken down the racial barrier, his progress is rapid.

He spends money, he banquets her in the private rooms of chop suey restaurants, and—it is alleged—if then she does not agree to marry him, he does not surrender and mourn the loss, but he inveigles her into smoking opium—and, having once tasted the charms of "the pipe," she is his. For a few weeks she smokes.

Then, perhaps, she is arrested in some Chinese house, dazed and filled with opium dreams. When she is bailed out by the Chinaman who does a professional bond business, she returns. She knows the police will pick her up if she is found in the Chinese haunts, and then comes a proposal of marriage.

The girl knows that once married she can smoke hop as long as she pleases, in her own home, free from molestation by the police and secure and certain of opium as long as she may want it. So she becomes the bride of the Chinaman and lounges in the glided den he fits up for her, scarcely ever caring to go out—even were she permitted, which she seldom is, except in company with her lord and master, who during his leisure moments delights in taking her out, attired in her most gorgeous gowns, to dine with him.

WORK WEAKENS THE KIDNEYS.

Doan's Kidney Pills Have Done Great Service for People Who Work in Wilmington.

Most Wilmington people work every day in some strained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious housework; lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Wilmington cures prove it.

R. F. Rowan, clerk with L. W. Davis' Clothing house, residing on Castle street, between Sixth and Seventh, says: "I strained myself lifting a heavy box, and suffered great pain across my back for a long time. I used plasters and linements, but they did me no good. I could hardly stand up straight, my back was so weak. Seeing Doan's Kidney Pills advertised in our newspapers I went to Bellamy's drug store and got a box. I felt better the next day and continued using them according to directions and my back regained its old strength. I was simply surprised at the result. I will gladly recommend Doan's Kidney Pills every time for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

The average young woman of to-day is busy. Beauty is only another name for health, and it comes to 99 out of every 100 who take Hollister's Rocky Mountain Tea. Tea or Tablets, 35 cents. —J. Hicks Bunting Drug Co. **

WHY HESITATE?

Just a few minutes of your time, dear lady, and you will learn here some facts of interest and value—more important to you than the bargains on other pages of this paper.

I want you to buy and take home today a dollar size bottle of Wine of Cardui. If necessary, save it out of your shopping money—but get it.

Do not hesitate—why should you? What can be more important to you than health?

The benefit Wine of Cardui will be to you, if you suffer from any of the disorders or diseases so common to your sex, is something that can hardly be expressed in words.

Thousands of women have written enthusiastic letters, telling of the success of Cardui in relieving their periodical pains, such as headache, backache, sideache, falling feelings, straining, irregularity, difficulty in walking, weakness, nervousness, peevishness, and general debility.

It acts as a gentle tonic on the womanly organs and constitution, giving sick women a new lease of life and the beauty of strength and health.

Read the letter printed below; then stop at the nearest drug store and try this successful treatment for sick women:

Cardui Gave Relief

Mount Vernon, Ga., Feb. 4, 1906.

I was troubled with female disease for nine (9) years. The doctors first called it "nervous prostration," then "change of life," and finally "catarrh of the womb," but no matter what they called it, they could give me no relief. At last I decided to take Wine of Cardui. I have now taken three (3) bottles and can say that my health is better than it has been in nine years. Before I began to take Cardui I could not eat anything, could hardly sleep, my back and hips would ache, and then I would be nervous and I was troubled with the whites. Once a month I would have to go to bed for two or three days. Since taking Cardui I do not have to stay in bed more than half a day, and all my troubles have gone. I have praised Cardui to all my friends, and shall continue to do so. I wish every suffering lady would try it. LIZZIE MATTHEWS.

SUED CITY FOR FEES.

Herbert McClammy, Esq., Recovers for Services in Monk Case.

Herbert McClammy, Esq., yesterday instituted suit and recovered in Justice Furlong's court $100 due him in part for professional services by the City of Wilmington as attorney for the city in the case of J. W. Monk against the city, involving the title to the rock quarry operated by the mucipality for several years in the eastern part of town. Mr. McClammy had received part payment for his services in the case but the Board of Audit and Finance for some reason or another had held up the balance and rather than to parley about the matter any longer, he brought the suit before the magistrate and was given judgment. The city was represented by its attorney, Marsden Beldamy, Jr., Esq., and an appeal was taken to the Superior Court. A new suit in the controversy having recently been instituted against the city, it is probable that Mr. McClammy will not appear further for the defendant.

SECOND ADVENT CONFERENCE.

Annual Sessions Are Being Held This Week in Wilmington.

The annual conference of the Second Advent Church in Eastern North Carolina is in session this week with the Wilmington congregation, on Sixth, between Church and Castle streets. There are a goodly number of clergy and laity in attendance and the reports are that the work all over the territory embraced by the conference is in fine shape. The following officers have been elected: President, Elder J. W. S. Harvey; Vice President, Elder C. T. Green; Secretary and Treasurer, W. J. Reaves. Morning and afternoon sessions of the conference are held and at night there is preaching service by some distinguished member of the body. The sessions will continue through tomorrow.

MRS. A. M. BOWDEN.

Good Woman Entered Into Rest Yesterday Morning—The Funeral.

(Special Star Correspondence.)

Burgaw, N. C., Oct. 19.—Mrs. Sarah Margaret Bowden, wife of Mr. A. M. Bowden, a prosperous farmer of Pender, died this morning at 4 o'clock at her home four miles east of Burgaw. She sad been a sufferer for sometime, of heart trouble and a complication of diseases. She leaves a husband and seven children: Misses Etta, Ella and Currie, and Messrs. Haulsie, Andrew, Edward and John, and one sister, Mrs. J. K. Cowan, and two brothers, Messrs. R. W. and J. H. Corbett. The deceased was an aunt of Mr. Alva Cowan salesman for S. & B. Solomon, of your city. Funeral services will be held at Pike Presbyterian church to-morrow morning at 11 o'clock, of which church she was a member.

Chapel of the Good Shepherd.

During the week beginning Sunday, October 21, a Mission will be held at the Chapel of the Good Shepherd, corner of Sixth and Queen streets, Rev. Thomas P. Noe, rector. The sermon Sunday morning will be by the rector and Sunday night at 7:30, Rev. R. W. Hogue, rector of St. James, will preach. There will be service every night at 7:30 with sermon. The sermons will all be upon fundamental and practical questions and it is hoped that much interest may be aroused and good work done for the spiritual upbuilding of the people. The choir stalls are being renewed and a new vested choir of mixed voices will be installed Sunday, and will furnish the music during the Mission. This feature will add greatly both to the interest and helpfulness of the services. All are cordially invited to attend.

A HANDSOME DRUG STORE.

Pharmacy of Mr. James M. Hall, One of Prettiest in Town.

The drug store of Mr. James M. Hall, at Fifth and Castle streets, has been recently remodelled and new fixtures have been installed throughout, making it now one of the prettiest places in Wilmington. The inside furnishings are all in quarter oak, the counters and shelving presenting a decidedly pretty appearance. Two large and handsome French plate glass mirrors have been put in and the show windows have also been rebuilt and fitted with the finest plate. Another feature of the improvements is the installation of a handsome glass ice cream and fancy candy case with folding chairs, making this department quite attractive.

In the prescription department, where purity and cleanliness are prime elements, a steam water distillery has been installed, so that every drop of water used in this department is double distilled before leaving the store. A very handsome soda fountain is to be placed in a few days and altogether it will be worth a visit to the store to see really how pretty everything is.

What's the use of pondering over the writing of a lot of letters seeking employment when if you'd read the Star Business Locals you could get into touch with an immediate call for help that you could fill? Another good plan is to insert a situation wanted ad and wait for results. You won't have to wait long.

death of Mrs. Davis and present them at the next meeting.

Touching remarks upon the death of the beloved "mother of the Confederacy" were made by Mr. Junius Davis, who knew her personally, and a very appropriate prayer was offered by Dr. McClure. A pathetic message from Col. Jno. L. Cantwell was delivered by his daughter, Miss Leonora Cantwell, the sender being unable to attend and said that his heart was in the service and that the colored at home were tied with crepe. The services were concluded with a benediction by Dr. McClure.

The Shanghaied (?) Sailors.

A clipping from a Newport News paper has been received here, hooting at the idea of the sailors Byrnes and Flynn being shanghaied from the U. S. Cruiser Columbia. The case was closely investigated there by the newspapers and they declare in their local columns that the two marines had been posted as deserters from the government ship long before they were taken aboard the Osceola.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

MR. C. N. EVANS VICE PRESIDENT

Wilmington Banker Honored by American Bankers' Association in St. Louis.

CURRENCY REFORM PLAN

Committee Report on Matter Created Uproar—Was Referred to Committee to Confer With the New York Chamber of Commerce.

By Wire to The Morning Star.

St. Louis, Mo., Oct. 19.—The concluding session of the 32nd annual convention of the American Bankers' Association today was marked by warmth of discussion, multiplicity of moves and complexity of counter moves that at times occasioned confusion, when the subject of a currency reform plan was introduced.

When the subject was brought forward the convention struggled for over an hour, finally adopting a resolution introduced by William George, of Aurora, Ills., to refer the consideration and formation of a currency reform plan to a committee to be appointed by the executive council, which shall confer with the New York Chamber of Commerce Committee and submit a plan for enactment into a law by Congress.

With interest, the assembly listened to the report of the banking legislative committee as it was read by Chairman Arthur Reynolds, president of the Des Moines National Bank, introducing the currency subject and setting forth the plan formulated by the committee for a credit of currency clearance. The plan comprised ten sections, and Chairman Reynolds said that it was prepared with consideration as to the conditions of the country, its necessity, the temperament of the people, and the best interersts of the citizens as a whole, aiming to protect the interests of the humblest citizens as well as those of the wealthy.

The moment the reading of the committee's report was concluded the convention was in an uproar. An hour's discussion was finally agreed upon and at the expiration of the time limit, a motion was made by William George to refer the report of the legislative committee to a special committee and the adoption of the motion ended the debate.

Edmund G. Vaughn, president of the National Bank of Cuba, at Havana, made an address on "Banking in Cuba," after which the candidates named by the nominating committee were unanimously elected. After installation of President G. S. Whitson, and Vice President J. D. Powers, the convention finally adjourned.

State vice presidents were named, including the following: Florida—T. Picton Wallow, Orlando; Georgia—John Matigan, Savannah; North Carolina—Charles N. Evans, Wilmington; South Carolina—E. P. Grice, Charleston; Virginia—W. F. Lambert, Alexandria.

CONDITION OF BUSINESS.

Bradstreet's Reports Increased Demand for Cotton Goods.

By Wire to The Morning Star.

New York, Oct. 19.—Bradstreet's to-morrow will say:

Trade continues of large volumes and while the ordinary rush of Fall trade is over and next Spring's is receiving attention, active retail demand has induced a heavy volume of re-order business from jobbers. Except in a few sections where mild weather last Winter left unsold stocks on hand, supplies of goods are not excessive. Hence a continuance of the active re-order trade is likely, weather conditions allowing. Perhaps the most active branch of wholesaling and jobbing is that of cotton goods, which are in heavy demand, with slow deliveries still complained of.

There is also a better tone to woolen goods, worsteds leading as heretofore. Prices are steady as a whole and the high range of all quotations does not seem as yet to be reflected in reduced sales. In general distributive lines the reports are also uniformly favorable.

Industries return reports of great activity; the iron and steel, metal working, coke, cotton and other textile, furniture, carpet, and, indeed, practically all lines are pushed. Exceptions are found in shoes which have not been as well ordered as a year ago for Fall and Winter, though excesses on last Spring's account make a net gain for the year as a whole. There is complaint that low prices for grain are restricting sales by farmers west and northwest, but lack of motive power and of cars is credited with holding back deliveries.

Speculatively deals in staples such as cereals and cotton are rather quieter than of late. In the case of cotton, such a feeling is natural after the rapid advances which have induced realizing and fresh short sales, especially as frost damage is minimized in late reports.

The feature of the iron and steel trades is the pressure to produce sufficient quantities to meet requirements. High prices and premiums for prompt delieveries seem to be the rule.

Business failures for the week ending October 18 number 170, against 192 last week.

SOUTHERN RAILWAY STRIKE.

General Manager Spencer Proposes Arbitration to Machinists.

Washington, October 19.—A circular signed by General Manager Spencer of the Southern Railway, was sent out last night from Washington to the striking machinists, proposing that the machinists declare the strike off and return to work and submit the wage question to an arbitration of three men, one each representing the strikers and the company respectively and these to choose the third. The decision of the arbitrators according to the proposition is to govern the wage scale for two years.

SYRIAN LEPER MISERY ENDS.

Died in West Virginia and Body Was Cremated.

Clarksburg, W. Va., Oct. 19.—Geo. Rashida, the Syrian leper, who several months ago was drirven from various cities in the east, because of his affliction, died in a shanty at Pickens near here today. Heart failure was the cause of his death. The body will be cremated by the county authorities. The leper had been located in a shanty built especially for him after his removal to that place by the Baltimore and Ohio Railroad Company a few months ago, and a nurse was placed in attendance.

A Norfolk dispatch last night says: Late to-night the barge Berkshire was reported from Cape Henry as being in a very dangerous position a mile and a half north of Virginia beach. The barge has dragged anchor steadily and is now only two miles off shore. The wind is not very high but a very heavy sea is running. Life savers are watching the Berkshire, but could not launch a boat on account of the high surf if the barge strands.

MARY ANN'S LAWYER.

Not Paying Him a Cent, but He'll Get Two-thirds Later.

"What are you doing here, Mary Ann?" asked a Supreme Court clerk when he met his laundry woman in the County Court House.

"Sure I am suing a street railroad company for running me down and hurting me," she responded.

"Have you a good lawyer?"

"I have, and sure's he's a gentleman for a lawyer and that's saying a heap," said Mary Ann.

"What are you paying him?"

"Not a cent, and sure he's a gentleman for a lawyer."

"How's that? I didn't know that lawyers worked for nothing," said the clerk.

"This one does," remarked Mary Ann with a smile on her ruddy, good natured face. "I only signed a little scrap of paper telling him the railroad company would have to pay to him two-thrids of what we get. Sure he's a gentleman for a lawyer and he don't charge me a cent."

High Authority.

A rebellious husband was objecting to doing certain work about the house, and he quoted Scripture to his wife, showing that the household duties should properly be assigned to the woman. The good wife replied by reading to her astonished liege 2 Kings 21:13: "I will wipe out Jerusalem as a man wipeth a dish, wiping it and turning it upside down." That husband has wiped the dishes ever since.

REAL DEMOCRATS TO JOIN HANDS

Re-alignment of Forces to Prevent Assimilation With Independence League and Keep Down Hearst in Favor of Bryan.

Charlotte Observer.)

New York, Oct. 18.—A movement is afoot looking toward a strong realignment of forces in the national Democracy, the puspose of which is to prevent its assimilation with the Independence League or any other outside organization. The union will bring together William J. Bryan, Judge Alton B. Parker, ex-Governor Douglass, of Massachusetts; Judson Harmon and Harlan Cleveland, of Ohio; John W. Kern, of Indiana; ex-Mayor Harsison and Mayor Dunne, of Chicago; Governor Johnson, of Minnesota; ex-Governor Peck, of Wisconsin; Alvah Adams, of Colorado; Governor Toole, of Montana; Senator Dubois, of Idaho; Senator Newlands, of Nevada; Senator Turner, of Washington; Governor Chamberlain, Senatos Gearin and Alexander Sweet, of Oregon, and Franklin K. Lane, of California; Senators Bailey and Culberson, of Texas; Governor Folk, of Missouri; Senator Foster, of Louisiana; Governor Jelks, of Alabama; John Sharp Williams, of Mississippi; Hoke Smith, of Georgia; Senators Martin and Daniel, of Virginia; ex-Governor Aycock and Josephus Daniels, of North Carolina, and Senator Tillman and Governor Heyward, of South Carolina, who, with their associates, speak for the Demorracy of the South.

The Southern and far Western Democrats fear that the Independence party is likely to make serious encroachments in the ranks of Democracy with in the next two years and interfere with their plans to nominate Mr. Bryan for the presidency. They will point out to Mr. Hearst that the only way to overthrow the Republican party in 1908 will be to unite in one great movement and they expect to induce Mr. Hearst to abandon his attempts to capture any wing of the Democratic party.

A Young Mother at 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restorative medicine on the globe. Sets Stomach, Liver and Kidneys right, purifies the blood, and cures Malaria, Biliousness and Weaknesses. Wonderful Nerve Tonic. Price 50c. Guaranteed by all druggists.

There's no use getting mad if that for sale sign you stuck on the front of your vacant house has not brought you a tenant or purchaser. Your sign has been read and reread by practically the same people, who pass by it every day and who are too intent on other things to stop and look over the property. Now, if you would advertise in the Business Locals of the Morning Star it would come before the eyes of all the people looking for real estate. This is because they are accustomed to have the Morning Star tell them what property in Wilmington may be had.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no others. **

A Badly Burned Girl

AMERICAN COTTON FOR CHINA TRADE

Consul Thornwell Haynes Makes Report on Conditions in Orient as Regards American Cotton Goods and Prospects for Business.

(Charlotte Observer.)

Washington, Oct. 18.—As China has for years been looked upon by American cotton goods manufacturers as a mecca, and as a market capable of great expansion, a report recently received here from Consul Thosnwall Haynes, of Nanking, will throw considerable light on the subject. Mr Haynes is a native of South Carolina, and having given considerable study to the cotton trade of China in recent years, is well qualified to give advice on the subject.

There is no good season, Mr. Haynes says, for American merchants and manufacturers to fear competition in the markets of China. All that is needed is a steady effort to enter new Eastern markets just as fast as they are opened and to put forth every legitimate effort to hold those that have been secured.

The compasative difference between American and English plain gray shirtings is very noticeable. The former rose from approximately one-tenth of the amount of the latter in 1903, and 1904 to more than one-fifth of England's last year's imports. The great falling off is due to the boycott the natives substituting their own goods, of which they produce a great quantity, but of an inferior quality. Shirtings, drills, chintzes and cotton prints were little affected for the reason that, possesing no substitute of their own, the Chinese continued to buy them. No jeans are imported into Nanking from America.

There has been opened up in Nanking recently as many as a dozen new native stores which deal exclusively in foreign piece goods, not only such as the coarser cotton drills, sheeting, etc., but the finer brocades, lawns, flannels, etc. This latter has largely supplanted the Nanking black satin trade, the reason being that the Chinese black satin fades, while the foreign sateens look almost equally as well, cost considerably less, and have the superiority of retaining their lustre and color.

As many portions of China now afferred the best markets for American cotton goods, it is but natural that the trade there should be further exploited in order that more markets may be found. Mr. Haynes believes this may be done if gone about in the right way.

ROCK CLIFF LITHIA SPRINGS WATER.

READ WHAT ONE OF THE MOST NOTED CITIZENS OF SOUTH CAROLINA HAS TO SAY OF THE F AMOUS ROCK CLIFF SPRINGS WATER.

Spartanburg, S. C., July 24.

To Rock Cliff Lithia Springs Co.:

Gentlemen:—This will certify that I was severely afflicted with a serious case of erysipelas, that confined me to my bed for about six months or more, with daily attendance of my physician, and which eventually settled in my left leg and became so severe that a consultation of three physicians was held and the decision reached that the lower part of my leg would have to be amputated to prevent the disease extending to the upper part of my leg and body. I declined the operation and was advised to try Rock Cliff Lithia Springs Water. I engaged board near the spring and was advised to bathe my leg in the water, at the same time drinking freely.

This application soon soothed the pain, and for the first time in months previous I slept for about two hours. After a week's treatment, without any medicine or physician's help, I walked to the spring on crutches. I continued the treatment daily, and within two weeks was able to walk to the spring without crutches and in four weeks was able to walk home, a distance of 1½ miles, and resume my official business.

I was permanently cured by the use of the water, and take great pleasure in giving you this testimonial to the efficiency of the Rock Cliff Springs Water in the treatment of erysipelas.

THE COTTON MARKET.

New York, October 19.—The cotton market was more active to-day and broke quite sharply with the aetivc months, at one time showing a net loss of over 36 points. The close was steady at a net decline of 19 to 26 points. Sales for the day estimated at 300,000 bales. The market opened weak at a decline of 16 to 20 points in response to lower cables and better weather in the South than buyers of yesterday has been led to expect by the forecasts. There was active bear pressure and liquidation and the market sold off to a net decline of about 26 to 32 points before it was checked by the covering of shorts. A rally of about 10 points was followed by renewed weakness in the afternoon and at the low point December reached 10.62 and January 10.71, or about 32 to 34 points net lower. A moderate rally occurred near the close as a result of covering but last prices were only 8 to 10 points up from the lowest. Unsettled conditions in the stock market may have had some influence locally but the main thing was the better weather and the fear of increasing receipts.

Receipts at the ports to-day 56,466 bales, against 55,878 last week and 63,871 last year. For the week 375,000 bales against 346,051 last week, and 319,834 last year. Today's receipts at New Orleans 6,297 bales, against 7,912 last year, and at Houston 18,725 bales, against 12,733 last year.

MRS. DAVIS RESTS IN HOLLYWOOD

Remains Laid by Her Illustrious Husband at Capital of Confederacy.

DEEP REVERENCE FOR DEAD

Gen. Stephen D. Lee, Chief Marshal of Solemn Procession Which Followed Remains to Grave—President Roosevelt's Flowers.

(By Wire to The Morning Star.)

Richmond, Va., October 19.—The train bearing the body of Mrs. Jefferson Davis. arrived here about half past 8 o'clock this morning and was met at Elba, an uptown station, by Lieutenant Governor J. Taylor Ellyson, who conducted the ladies of the funeral party from New York to the Jefferson Hotel. The members of the Davis family who came with the remains were Mr. and Mrs. J. Addison Hayes, Jefferson Hayes Davis. Miss Hayes and Dr. and Mrs. Webb. The following detail from the New York camp of Confederate Veterans acted as honorary guard:

Major Edward Owen, commander; Dr. J. Harvie Dew, Colonel Theodore C. Caskins, and Perry M. DeLeon. This detachment continued with the body to the Byrd street station, down town. Among others who came South with the remains were Mr. and Mrs. Charles Battison, Mrs. John H. Parker, president of the New York chapter of the United Daughters of the Confederacy; Mrs. K. M. Krank, Mrs. Bennett, Mrs. Beale, Mrs. J. H. Dew, Mrs. Joseph Pulitzer and the Rev. Dr. Nathan A. Seagle, pastor of St. Stephens' church, New York. of which Mrs. Davis was a member.

At Byrd street the remains were met by details from the local camps of Confederate veterans and escorted by them to St. Paul's Episcopal church, where the casket was placed in the basement auditorium of the structure, amid flowers and floral designs in beauty and profusion such as have rarely been seen in Richmond and under the honorary guard of Confederate veterans and Daughters of the Confederacy.

At 3 o'clock the casket was taken into the body of the church which was packed with people, and the funeral services were begun. These were conducted by Rev. Robert W. Forsyth, rector of the church, assisted by Rev. Dr. J. William Jones, chaplain general of the Confederate Veterans; Rev. Dr. James Power Smith, who was Stonewall Jackson's chaplain; Rabbi Calisch. of Beth Ahaba Synagogue, Richmond; Rev. Dr. Landon R. Mason, Rev. Dr. W. V. Tudor, and Rev. Dr. N. A. Seagle. The services were of the simplist possible character, the hymns being "Just As I Am," "How Firm a Foundation," "Abide With Me," and "Asleep In Jesus." After the services a procession was formed and the march was taken up for Hollywood Cemetery. The procession was made up of the local batallion of the Seventieth Regiment of Virginia Volunteers, a company from Petersburg, Richmond Light Infantry Blues, the Richmond Howitzers, the local and visiting camps of Confederate Veterans and Sons of Veterans, Daughters of the Confederacy and Confederate Memorial asociations. There were representatives in line from most of the States which made up the Confederacy.

At the head of the procession rode General Stephen D. Lee, of Mississippi, in civilian garb, as chief marshal of the parade. The hearse was escorted by a detachment of the Richmond Howitzers. In spite of the fact that the weather was extremely inclement, rain falling almost constantly. the whole route of the procession was lined with people, who stood under umbrellas and looked on the sad cortege evidently with with the most reverential feeling.

At the cemetery there was another large gathering of people. The services there, which were brief, were conducted by the Rev. Mr. Forsyth and the Rev. Dr. Seagle.

The Howitzers fired an artillery salute with the guns which were recently issued to them by the general government and two companies of the infantry fired three volleys over the grave. It was remarked as interesting, that the first use of the fine new guns obtained from the United States government was to fire a salute over the grave of the widow of the President of the Southern Confederacy. Conspicious, too, among the magnificent floral offerings at the funeral was one from President and Mrs. Roosevelt. This at the cemetery was noticed lying at the base of the monument over the grave of President Davis. Mrs. Davis' resting place is next to that or her husband.

A noteworthy personage at the obsequies was James Jones, a colored man who drove the Davis family carriage during the war and who now lives in Raleigh, N. C. He attended the funerals of President Davis and Miss Winnie Davis. and though now bent with age and much enfeebled, insisted on being present to-day.

MONSTER TIDAL WAVE ENGULFS FLORIDA KEY

Two Hundred and Fifty Inhabitants Were Swept Away—Steamer Wrecked and 25 Killed on Board—Destruction in Havana.

(By Wire to The Morning Star.)

Miami Fla., October 19.—The report of the loss of the steamer St. Lucia, Captain Bravo, commanding, at Bohia Honda, has proven true. This evening an excursion steamer arrived in port, bringing sixty wounded persons who were taken to the hospital. It is said that 28 persons lost their lives. Their bodies will be brought here tomorrow.

Captain Bravo says that he anchored on the lee side of Elliott's Key, 25 miles south of Miami yesterday morning, and that soon after a tidal wave engulfed the island. He says there were 250 residents on the island, all of whom were lost. The St. Lucia was crushed by the same wave and of the one hundred persons on board, twenty-five were killed. Captain Bravo was seriously injured.

A barge containing 100 people is said to have been torn away from its moorings at Elliott's Key and afterwards picked up near the Bahama islands, fifty of her passengers having been drowned.

The St. Lucia's home port was Tampa, Fla. She was built in Wilmington, Del., in 1888, was of 105 net tonnage, 122 feet long, 24 feet in breadth and over four feet depth She was usually manned by a crew of 13 The St. Lucia had formerly been in service at New Haven.

It is believed that a portion of the Florida Fish and Produce Company's fleet was lost. Manager Adams sent out one of the boats this morning to look for the men and boats. The boat returned this evening and reported no signs of the fleet. The fishing nets were strewn upon the shore.

Twenty Lives Lost at Havana.

Havana, Oct. 19.—The cyclone which began here Wednesday afternoon reached its full fury on Thursday morning. The greatest damage occurred on the harbor and along the docks. A number of smaller crafts and lighters were sunk and some houses were blown down.

The total number of deaths was twenty, all Cubans of the poorer class. There are a number of sailors among the dead. Several score of longshoremen and sailors were injured. The torrential downpour of rain completely stopped the street car service and the wind and rain made it next to impossible to get about on the streets. Trees in the parks and also on the shaded avenues were blown down in large numbers. The cyclone was confined to the provinces of Havana and Pinar del Rio. Matanzas City escaped. All telegraphic communication was annihilated. Today the wind moderated greatly and the city is fast resuming its normal appearance.

It is estimated that the damage in Havana province will reach fully $2,000,000. One hundred and fifty tobacco barns in the Alquizar district have been destroyed. The recently planted tobacco crop also has been seriously injured. Enormous damage is reported from the Guayrar section, the center of the banana and the plaintain growing district. These crops are said to have been practically destroyed.

Havana today resumed its normal aspect. Gay crowds are promenading the streets and lounging in the cafes, oblivious of the fearful experience through which their city has just passed. Street car traffic was fully resumed this afternoon but the electric light, telegraph and telephone service are still badly crippled. The harbor has been searched for dead and it is now believed that all the bodies have been found.

Reports received here today from Nunez say that five persons were injured there.

Reports received here from Pinar del Rio city, while not yet accurate, declare that the damage to buildings was very great. The injury to the sugar crop is not serious. The rivers of Havana and Pinarr del Rio provinces have overflowed in the low lands and horses, cattle and pigs by the hundreds have been drowned.

The storm began at an early hour in the evening and increased in severity at night when the wind rushed to a maximum velocity of eighty miles an hour. The people of the city were badly frightened and many of them passed a sleepless night. There was no power for electric lights, the gas burned but dimly and candles had to be resorted to. Thousands of persons spent the night in the cafes. The weather observer of the Belen College informed the Associated Press that the barometric pressure varied from 27.70 to 28.06. The rainfall in 24 hours reached 4.72 inches. The center of the cyclone appears to have crossed from the Caribbean sea, sweeping through both provinces. It passed to the north from Havana and crossed Florida going northeast.

Terrirfic Report From Central America.

San Salvador, Oct. 19.—A tempest has raged incessantly for ten days throughout the republic, flooding the rich valleys, principally that of Majada and resulting in a great loss of life, and the destruction of cattle and crops. The Salvadorean man-of-war Isealco was lost at Acajutla.

The topography of various departments has been changed, buildings have fallen, burying their tenants in the ruins and the iron bridges over the principal rivers have been carried away. The auqueducts and electric light plants at Sonsonate and Salvador have suffered heavy losses.

The railroads, telegraph and commerce are paralyzed, but traffic is being restored in some towns of the republic.

The rivers are bringing down the bodies of persons drowned in the storm and the carcasses of cattle and the sight of these tend to increase the terror of the people. The losses are incalculable.

Guatemala and Honduras also have suffered severely. It is said the loss there will amount to many millions of dollars.

Governor Magoon Reports.

Washington, Oct. 19.—The following official dispatch was received at the War Department late this afternoon:

"Havana, October 19, 1906.

"Secretary of War,

"Washington, D. C.

"Terrific hurrricane swept over Havana and vicinity at midnight, lasting several hours. Wind officially reported eighty miles an hour. Telegraph and telephone wires all down. Trees blown down in all parts. Two schooners ashore. Loss to city and country heavy. Fear considerable loss of life. Eight deaths reported in city of Havana. Have called upon governors of provinces to report local conditions. Ocean going shipping in Havana unharmed. Number of launches and lighters adrift and sunk.

(Signed) "MAGOON."

Horses Killed on Steamer Cubana.

Quartermaster General Humphrey of the army tonight received a dispatch from Quartermaster Baker at Havana as follows:

"The Cubana arrived this morning at 7 o'clock and encountered heavy weather. Her foremast completely gone; mainmast top gone. No men injured. Considerable number of animals killed and injured. Will report exact number with full particulars as soon as can be ascertained."

General Bell has reported to the War Department, that two men of the 26th infantry were injured, one fatally, by the hurricane, that ocean-going shipping is in a satisfactory condition but that many lighters broke adrift and several sunk .

Damage at Miami.

Jacksonville, Fla., October 19.—Passengers arriing here from Miami to-night report that the damage there by the hurricane was nothing like as serious as first reported. The elegant east coast hotels at Miami and other east coast points all escaped damage, there being no damage of consequence anywhere north of Miami.

At Miami the greatest damage was to outhouses and fences. The drug store of Burdine & Quarterman, the Red Cross Pharmacy and the Saginaw saloon were unroofed and awnings and sheds all over the city were blown down.

Storm Severe Off St. Augustine.

St. Augustine, Fla., October 19.—This city, beyond the damage done by high tides, was not affected by yesterday's hurricane. Messages received at the wireless station indicate that the storm passed this point about sixty miles to sea. 'At 10 o'clock this morning a Red D. liner reported that it was running into a terrific storm north of St. Augustine. A wireless message from Key West to-night says: "Steamer Mascotte arrived Key West, all on board O. K."

TEN LIVES LOST IN NIGHT FIRE.

Five Were Street Car Conductors and Three Motormen.

(By Wire to The Morning Star.)

Birmingham, Ala., October 19.—Ten men were burned to death, two others were perhaps fatally injured and a third was slightly hurt in a fire which destroyed the boarding house of Mrs. E. E. Watley, in Third avenue between 2 and 3 o'clock this morning. The dead:

W. N. Nichols, C. C. Preston, E. B Henshaw, W. T. Hall, D. B. Neal, street car conductors; W. B. Taylor, Edward Caldwell, Geo. K. Burns, street car motormen; W. B. Livingston, rolling mill man; Ollie P. Hines, employe, Birmingham Paint and Glass Company.

There were twenty-one boarders at the house, almost all of whom were street railway employes. In addition there were three other persons, Mrs. Wattley and her three sons. The Wattleys have been accounted for.

STANDARD OIL FOUND GUILTY

Jury at Findlay, O., After Long Deliberation, Rendered Verdict Yesterday Afternoon.

TRUST WILL TAKE APPEAL

Attorney General Considers Verdict Great Triumph for State—Standard Company's Legal Department Will Appeal.

(By Wire to The Morning Star.)

Findlay, Ohio, October 19.—By the verdict of a jury the Standard Oil Company of Ohio, is guilty of conspiracy against trade in violation of teh Valentine anti-trust law of Ohio. The penalty is a fine of from $50 to $5,000, which may be repeated for each day of the offense, or imprisonment of from six to twelve months. The Standard Oil Company of Ohio has given notice that it will file a motion for a new trial.

The next step will be for the court to impose the penalty. To the State, the suit, the verdict and the ultimate appeal is important, particularly because it initiates an entirely new method of proceeding against alleged trade monopolies—that is by confirmation and affidavit instead of by grand jury indictment.

The verdict was rendered at 4:35 o'clock this morning and resulted from a continuous deliberation by the jury during thirty two consecutive hours. A touch of the dramatic marked the two closing hours of the jury's deliberation. Hymns were sung during all but ten minutes of this time. This ten minutes pause came at the end and was occupied by the remaining juror who had stood, in explaining his position and surrendering to the majority. There was not the slightest levity about this hymnal service. Then came the announcement that the jury had reached an agreement and Judge Banker was hastily summoned.

After the verdict had been read, Attorney Troup stepped up to the bar of the court as the jury was leaving the box and said he wished to make the motion for a new trial in the case. He was assured by the court that the motion would be entertained, whereupon he retruned to his hotel.

The court at once adjourned.

Trust Will Appeal.

New York, October 19.—The legal department of the Standard Oil Company has given out the following statement:

"The verdict in the case at Findlay against the Standard Oil Company carries with it a single fine of from $50 to $5,000 which is the maximum according to the law under the information on which the suit was brought. The defendant lawyers in the case are taking immediate steps for appeal which before final adjudication may pass through three courts namely, Court of Common Pleas, the Circuit Court and Supreme Court of Ohio. They feel confident of securing a reversal on manifold errors in the trial just concluded."

Great Triumph for Ohio.

Marietta, O., October 19.—Attorney General Wade H. Ellis, who is the guest of Congressman B. G. Dawes, in this city to-day gave out the following statement concerning the Findlay decision against the Standard Oil Company:

"This is a great triumph for good government. It is gratifying to all who believe that the laws should operate equally upon the most powerful corporation as well as upon the humblest individual in the State. It is a vindicate of that no man is so high as to be above the law, and no man so low as to be beneath its protection."

CAVALRY TO SUPPRESS INDIANS

Red Skins Killed Two Cowboys in Battle in Wyoming.

Washington, October 19.—Upon the application of Governor Brooke, of Wyoming, Secretary Taft, by direction of the President, has instructed Major General Greely to dispatch a troop of cavalry to Wyoming to round up and return to their reservation the Ute Indians who are now causing a disturbance in that State.

Omaha, Neb., October 19.—An outbreak of the Ute Indians who have been causing much trouble and worry in Wyoming all this Summer, occurred near Gillette, Wyoming, Wednesday night. In a battle between cowboys and Indians two of the former were supposed to have been injured.

TRAGEDY IN AUGUSTA, GA.

Private Detective Murdered Young Woman in Cold Blood.

(By Wire to The Morning Star.)

Augusta, Ga., October 19.—Archie Glover, a private detective to-day shot and killed Maude Williamson, his paramour, while the latter was at work in the weaving room of the Sibley cotton mill and had her back turned. The grand jury was in session and promptly indicted Glover, who is now in jail, charging him with murder in the first degree. The shooting caused great excitement in the mill district.
